Logging in on Campus

www.sheridan.edu

Login to the NWCCD Hub

Enter full @sheridan.edu email address: littlelamb@sheridan.edu

A screenshot of the login page. It shows the "Sign in" header, a text input field containing "jomeone@sheridan.edu", a link for "Can't access your account?", and "Back" and "Next" buttons.

Enter password you selected when you activated your account

[Connecting to the NWCCD WiFi Guide](#)

Your username and password are the credentials

Periodically check to make sure you are on NWCCD and not Guest

Logging in off Campus

Setup Multi-Factor Authentication
upon first login

Microsoft Authenticator App, text
message, phone call or email

MFA is required to verify your login
when off campus

[Setting up Multi-Factor
Authentication Guide](#)

Multi-Factor Authentication Common Issues

New phone

New phone number

Not receiving verification code

Device remembers log in credentials/MFA is out of Sync

<https://mysignins.microsoft.com/>

Change or Forgot Password

www.sheridan.edu >  > scroll down to the section where there are questions listed

Need to Update your Password? For Students:
<https://activation.sheridan.edu/Students/ChangePassword>

Change password requires you to remember your current password

Forgot your Password? For Students: <https://activation.sheridan.edu/Students/ForgotPassword>

Forgot password requires you to remember your security question from activation

Passwords expires after 180 days

Office 365 FREE Download!

All students can download the Office 365 apps for free

Go to <https://www.office.com/>

Sign in with your Sheridan.edu credentials

Select Office 365 apps to download

Common issue – signed into personal account and not NWCCD

Need to purchase a computer?

Some courses have specific computer and/or software requirements
– Instructor may email or post in syllabus

Make sure the computer can run the latest operating systems – i.e.
Windows 11, Mac Big Sur

College student discount may be available

Don't Forget!!

Never share your
password(s)

Always lock your computer
when left unattended

Don't open or forward
suspicious email links
