Outdoor Education											
SHE	C	CI	OEAC*1950*01	Explorations: Fly Fishing <i>Fly Fishing- This course allows students to develop the skills necessary to experience fly-fishing in their own lives. Lessons will include a discussion of basic gear, essential safety techniques, and an introduction to the fundamental skills essential to the activity. Students will also examine outdoor ethics and any specific license requirements related to the activity. Topics related to this course will vary according to the specific activity. No experience necessary, but students will need to own a valid Wyoming fishing license for field trips. This class will begin on Thursday, March 13th.</i>	1	Krumm R.	\$	Th	5:30 PM	08:00 PM	
BUF	C	CI	OEAC*1950*51	Explorations: Fly Fishing <i>Fly Fishing- This introductory course is designed for students regarding the fundamentals of fly fishing. Participants will get an overview on topics including gear selection, basic entomology, fly selection, proper knots, casting, and much more. If you have ever thought of trying this amazing sport, this class will shorten the learning curve and help you to have success on the water. This class begins on Wednesday, March 12.</i>	1	Buhr R.	\$	W	6:00 PM	08:45 PM	
BUF	O	CI	OEAC*1950*52	Explorations: Horse Packing <i>Explorations: Horse Packing Interested in learning how to pack a horse for a trip in the mountains? Then this class is for you! Students will learn about different pack animals, equipment, saddling adjusting, weight distribution, horse side manner, different hitch forms, and computing speed and accuracy for a safe and effective pack trip. Course offered 3/12/25-4/13/25.</i>	1	Todd A.	\$	SaSu	7:00 AM	05:00 PM	
Photography											
BUF	C	CI	PHTO*1950*50	Explorations: Digital Photo Wo <i>Digital Photography Workshop- Wanting to take that perfect picture? Then this is your course. In this class you will learning how to work that digital camera, take the right picture, and then crop, edit, and even print those images. This class is both for beginners and seasoned photographers. This is an introductory still photography class dealing with the basics of digital photography. Students will learn basic camera anatomy and functions, along with lighting and flash techniques. Specific areas such as file formats, image editing programs, printers and electronic format output will be covered. Lectures may introduce the work of noted photographers, the evolution of aesthetics and theory associated with the history of the medium and examine the impact that the photographic image exerts in historical and contemporary culture. This class begins on Tuesday, March 25th.</i>	1	Wing L.		T	6:00 PM	08:45 PM
