

COLLEGE FOR KIDS

July 7-10, 2025

Students going into 3rd through 12th grades

Registration online at

bit.ly/3E6AeHu

College for Kids is held from 8am-noon on the Sheridan College campus. A class will not be held until a minimum of 8 students are enrolled. Students will get a choice of the remaining courses if their first choice is canceled. No refunds will be given because of class cancellation; another class will be chosen. Once a student is enrolled, \$10.00 will be kept for registration costs if a refund is necessary because of an emergency. After June 24 no refunds will be given, as supplies will have been ordered. It will be necessary to charge an **additional \$10.00 for the rocket classes**. Classes for 2025 are listed below. Students should choose a class in each of the four columns/time slots. Guests (like cousins or out of town friends) may not attend classes without enrolling.

The cost will be \$30 per class (\$120). In addition, the payment site will charge a total fee of approximately \$6.

8AM	9AM	10AM	11AM
Board/Card Games	Tie Dye	Tie Dye	Tie Dye
Flag Football	Summer Games	First Aid	First Aid
Soccer	Disc Golf	Kickball	Wiffle Ball
Let's Go Camping	Let's Go Camping	Wyoming's Birds	Wyoming's Birds

Creative Cooking	Creative Cooking	Creative Cooking	Diamond Painting
Fantastic Art	Fantastic Art	Backyard Carnival	Money Wise Kids

Call Carol Lundgren (307) 763-3898 or Rita Geary (307) 672-9870 for more information

One more task before you are done: The college requires that each student fill out and bring in a Single Assumption Waiver. It is located at the end of this document. Please print it off, fill it out, and bring it along to the first day of class.

ARTS, CRAFTS, AND MODELS

Tie Dye: We will use our imaginations to make colorful t-shirts. One shirt will be provided. Students may also bring things for other tie dye projects. Alyssa Yada

Fantastic Art: This class is designed to bring out the artist in you. Drawing, painting, sculpture, and more. Maybe you want to design an animal out of clay or popsicle sticks. Maybe during a nature walk you find different materials for artwork. Maybe your indoor dreaming will turn into an amazing project. Join us. Donovan Rodriguez

Rockets: The safe design, construction, and launch of a model rocket. **This class will cost an additional \$10 to help cover the cost of supplies.** Tyler Williams

SCIENCE

Creative Cooking: Come join us for this thinking-outside-of-the-oven cooking class. We will be creating and making fun recipes using other appliances like waffle irons, blenders, and more. Let's learn new ways to fix some of our favorite foods. And don't be afraid to get your hands messy in the kitchen. Ally Rodriguez

Edible Science: Did you know everyday foods can be used for great science experiments—and that you can eat the products? Let's try out food experiments and see what we can discover. Tyler Williams

SOCIAL STUDIES

Wyoming Birds: How well do you know the birds in our own backyard? Let's learn to recognize some of them by sight and by sound. Bring your binoculars. What kinds of habitats do they live in? We can make a bird feeder and maybe even a birdhouse. J and Melissa Lundgren

Board Games and Card Games: Feeling lucky!? Come learn how to play different board games and card games. We will play against each other or on teams, and the winners will receive a prize! Alyssa Yada

Money Wise Kids: Did you know that you could put away \$1000 now while you are a kid, and, without adding any more to it, you could come back when you are an old grandma or grandpa and find either \$4,000 or \$9 million, depending upon how you invested it? Because time is on your side, it literally PAYS to learn about various ways to earn, save, and invest

your money (especially when you're still a kid!) We'll try to give your savings a start by selling pop and hot dogs Thursday at lunch. Rita Geary

Let's Go Camping: Let's start with setting up a campsite. Put up different types of tents. Learn how to lay out a campfire properly. Plan your meals depending on the weather. Learn about being comfortable outdoors. J and Melissa Lundgren

First Aid: Be ready for summer sun and outdoor activities, but think safety first. Learn basic techniques for heat exhaustion, bee stings, sunburns, and cuts and bruises. We will also talk about more serious injuries that could occur if safety is ignored. We will practice some basic bandaging and splinting techniques to better understand the actions of First Responders. Jessica Pickett

Diamond Painting: Diamond painting is a combination of cross-stitch and paint-by-numbers. You use an applicator to apply hundreds of sparkling resin rhinestones, one-by-one, on an adhesive color-coded canvas painting. The end result is a bright, shimmering work of art. Ally Rodriguez

Backyard Carnival: Are you creative? Do you like to organize fun activities for others? How about hosting your own backyard carnival? Use your imagination. We could create a spook house, a puppet show, games of skill or chance, and arts and crafts activities that others will enjoy. We will set up our displays and activities during the hot dog feed at noon on Thursday. Bring your ideas for fun and adventure. Carol Lundgren

SPORTS

Disc Golf: Does power count, or is accuracy king when it comes to tossing a Frisbee-like disc? Learn the differences between discs, develop your strategy, and explore campus while you aim for the disc golf baskets at Sheridan College. Come and have some outdoor fun. Jordan Jarrell

Soccer: Have fun while you practice skills and strategies that will make you a better individual and team player no matter which ball game your feet are playing. We will be passing, dribbling, bunting, shooting, and scoring. Wear your tennis shoes or cleats and bring a water bottle. Jordan Jarrell

Summer Games: Let the games begin. Summer's here and it's time to get outside for some fun in the sun. If you love competition and playing games with friends, this is the class for you. Make a splash with BucketBall, try your luck at cornhole, plan your moves with spikeball, and more. Wear your tennis shoes, and bring your water bottle. Jessica Pickett

Kickball: Combine your baseball and soccer skills for a fun game that can be played almost anywhere there's a wide open area. Increase your throwing, catching, and kicking skills, then slip in some strategy to outwit your opponents. Wear your tennis shoes and bring a water bottle. Jordan Jarrell

Flag Football: Learn the fundamentals of football. Passing, catching, running, and snatching flags will all provide excitement and fun. Wear tennis shoes, and you may want to bring a water bottle. Jessica Pickett

Wiffle ball: Do you love to play baseball but are tired of breaking windows in your neighborhood? (We hope that has not happened!) Wiffle ball may be the game you need. The bat's lighter, the ball's lighter, the field can be smaller. The air slits in the ball make it easy to throw trickier pitches. Come and build your skills for the major leagues. Wear your tennis shoes, bring your water bottle. Let's play ball! Jordan Jarrell

Please download and fill out the Sheridan College waiver on the following pages and bring it along on the first day of classes.

Please also write your child's name at the top above the college's logo so we can keep track of which waivers we have received.

NORTHERN WYOMING COMMUNITY COLLEGE DISTRICT

Northern Wyoming Community College District ASSUMPTION OF RISK AND RELEASE AGREEMENT

In consideration for being permitted by Northern Wyoming Community College District (NWCCD) to participate, and as an inducement to NWCCD to permit me to participate, in the following activity(s):

Date of activity: _____

I, the undersigned, recognizing the hazards and dangers inherent of said activity(s) and/or in the transportation to and from such said activity(s) and already knowing or having been advised of said dangers and fully acknowledging the risk of injury or health inherent therein, whether by my own actions, the actions of others or events beyond my control, ~and~

Acknowledging that I am aware that there are risks of exposure directly or indirectly arising out of, contributed to, by, or resulting from an outbreak of any and all communicable disease(s), including but not limited to, the virus "severe acute respiratory syndrome corona virus 2 (SARS-CoV-2)", WHICH IS RESPONSIBLE FOR Corona Virus Disease (COVID-19) and/or any mutation or variation thereof;

do hereby agree to knowingly and voluntarily assume, full responsibility for all of the risks surrounding my participation in said activity(s) and any other activity(s) undertaken as an adjunct thereto, and all risks associated with my own health problems and physical or emotional limitations; and, furthermore, for myself, my heirs, and personal representative(s).

I hereby fully release NWCCD and all its officers, employees and agents, without any limitation or qualification, as to any and all liabilities, claims, demands and actions which might be made by me or my state on account of any losses, expenses or damages of any kind concerning property or personal injuries (physical or emotional) or death which may result, directly or indirectly, from my participation in the aforesaid activity(s), unless any such damages or injury is primarily the direct result of a negligent act or omission by NWCCD or any of its officers, employees or lawful agents and not caused in part by my own negligence.

THE UNDERSIGNED, BY HIS/HER SIGNATURE BELOW, AFFIRMS THAT HE/SHE CAREFULLY READ THIS ASSUMPTION OF RISK AND RELEASE AGREEMENT, UNDERSTANDS ITS CONTENTS AND PURPOSES, AND VOLUNTARILY AGREES TO ALL THE TERMS SET FORTH ABOVE.

This Assumption of Risk and Release shall be effective on the date signed by Releasor until resolved in writing by Releasor or two (2) years, whichever date occurs sooner.

Dated this _____ day of _____, 2____.
