

## 2026-2027 Cost of Attendance (COA)

***Please keep in mind: All items listed in the COA are good faith estimates, not necessarily actual costs, and are subject to change.***

The student's actual costs for tuition, fees, housing, food, books, course materials, supplies, equipment, personal expenses, and transportation will vary depending upon the options selected and individual spending habits.

The estimated allowance for tuition and fees is based on 15 credits per semester during the 2026-2027 academic year (includes fall 2026 and spring 2027 semesters). If you plan to enroll for more (or less) than 15 credits, adjust your tuition and fee costs so that you will have a more accurate estimate of your expenses. Tuition and standard student fee rates for the 2026-2027 academic year are \$168/credit. Keep in mind that some courses have additional fees associated with them, which can cause your actual charges to be higher. The book, course materials, supplies, and equipment allowance is based on an average across all programs.

Students who enroll in one of the programs below should anticipate additional costs to purchase required supplies for the program and will exceed the average amount listed in the COA chart. The amounts listed below represent the average cost of course materials, supplies, equipment, and course fees. These amounts will be added to the student's total cost of attendance. Instructors of these programs will be able to provide students with a detailed list of required supplies.

<b>Program</b>	<b>First Year Supplies</b>	<b>Second Year Supplies</b>
<b>Art</b>	\$1,650	\$1,450
<b>Commercial Motor Vehicle</b>	\$5,325	N/A
<b>Construction Technology</b>	\$4,180	\$860
<b>Dental Hygiene</b>	\$15,186	\$8,736
<b>Diesel Technology</b>	\$2,255	\$395
<b>Farrier Science (1 semester program)</b>	\$3,300	N/A
<b>Machine Tool</b>	\$1,820	\$420
<b>Massage Therapy</b>	\$955	N/A
<b>Nursing</b>	\$4,110	\$1,970
<b>Welding</b>	\$2,020	\$400

If you are eligible to receive any federal financial aid, the total amount of financial aid assistance you receive from all sources (including but not limited to the Pell Grant, student and parent loans, work-study, scholarships, tuition benefits, athletic scholarships) cannot exceed the total COA. If the total amount of financial aid assistance exceeds the COA, federal law requires NWCCD to reduce your financial aid to eliminate the overage. If you borrow federal direct student loans or receive a federal parent plus loan, a loan origination fee allowance will be added to the total cost of attendance.
