On-Campus Housing and Dining

The District maintains housing facilities cognizant that on-campus housing and dining have educational value in that they create an environment in which students away from home can live and work together in a community of learners. In addition, the District believes on-campus residency enriches relationships with the staff and other students. The on-campus housing and dining procedures establish the terms and conditions of occupancy in the residence halls and the relationship between the room occupant and the District. Failure to comply with the established procedures will result in Student Code of Conduct proceedings.
