

DEGREES AND CERTIFICATES

The Northern Wyoming Community College District is authorized to award the degrees of Associate of Arts, Associate of Science, Associate of Fine Arts, Associate of Applied Science, and Associate Degree in Nursing to students who meet established requirements.

Degree requirements shall incorporate general education to furnish the student with a common core of knowledge appropriate to an Associate Degree holder. Requirements for the Associate Degree shall include, at a minimum, that students be able to communicate effectively, think critically, acquire and apply knowledge, knowledge of the Constitutions of the United States of America and the State of Wyoming sufficient to satisfy statutory requirements, and to be aware of methods to maintain lifelong wellness.

Specific requirements for the Associate of Arts, Associate of Science, Associate of Fine Arts or Associate of Applied Science, or Associate Degree in Nursing shall include provisions to fulfill the intent of the individual degree, whether it be to prepare students for transfer to baccalaureate programs or to enter the job market.

The Northern Wyoming Community College District is also authorized to award the Certificate of Completion to students who demonstrate the knowledge and skills required to perform the necessary job-related functions to be successful in entry-level positions in a specified job category or group of job categories.

The faculty and administration of the District shall develop and maintain programs, courses and activities to provide appropriate learning opportunities for students to achieve the requirements for the associate Degrees and Certificates and shall appropriately publish such requirements, courses and programs.
