2019-2020 Cost of Attendance (COA)

The costs listed in the COA chart (on the other side of this form) reflect estimates for the average expenses for students in each category. The estimated cost for tuition and fees is based upon 15 credits during the 19/20 academic year (includes fall 2019 and spring 2020 semesters). If you plan to enroll for more (or less) than 15 credits, adjust your tuition and book costs so that you will have a more accurate estimate of your expenses. The book allowance is based upon an average across all programs.

If you receive any federal financial aid, your total amount of financial aid assistance from all sources (includes the Pell Grant, student and parent loans, work-study, scholarships, tuition benefits, athletic scholarships, etc.) cannot exceed your COA. If your total amount of financial aid assistance exceeds your COA, federal law requires the NWCCD to reduce your financial aid to eliminate the overage. If you borrow federal direct student loans, or receive a federal parent plus loan, a loan origination fee component will be included in your total cost of attendance.

The student's actual costs for housing, meals, personal expenses and transportation will vary depending upon the options selected and the individual's spending habits.

All items listed in the COA are considered to be good faith estimates and are subject to change.

Students who enroll in one of the following programs below should anticipate that their costs for books and supplies will exceed the average amount listed in the COA chart. The amounts in the chart below **replace** the books/supplies cost for the listed programs. The **total** estimated amounts for books and supplies are listed below:
