Student Grading

Faculty for credit classes at NWCCD submit official grades at two intervals within the academic term. The Registrar identifies and publicizes due dates for grades.

1. Midterm grades represent progress at that point in time. Letter grades are used unless an S/U grade is allowed as a final grade, as per the common course syllabus. Incomplete grades cannot be assigned. All grades are submitted electronically to the Records Office. Midterm grades are due five calendar days after the midpoint of the term. Official due dates for midterm grade submissions are listed on the Academic Calendar.
2. Final grades are posted at the end of the semester/session and reflect all work for the semester/session. Letter grades are used unless an S/U grade is allowed, as per the common course syllabus. All grades are submitted electronically to the Records Office. Final grades are due five calendar days after the last day of classes. Official due dates for final grade submissions are listed on the Academic Calendar.
